

DAY Medical SA, a young company specializing in the manufacture and marketing of innovative products for medical laboratories and hospitals specializing in immunohematology (blood group diagnosis) is looking today for its site in Avenches for an:

Financial Controller (100%/f/m)

(asap)

Your responsibilities:

- You will compile the monthly, quarterly and annual financial statements to the Management according to the national and international standards
- You will draw up budgets in cooperation with the Management and all departments
- You will issue forecasts including notes and analyses
- You will inform the Management of any incidents which have an impact on business
- You will draw up analyses on request
- You are responsible for financial accounting, Cash Management, Reporting etc.

Your competences:

- You have a degree in Business Administration (Bachelor, Master or equivalent) and ideally experience in the fields of accounting
- You have at least 3 years professional experience in the finance department (ideally of an international industrial company)
- You are used to communicate in French, English and German (speaking and in writing)

If you are interested in a new evolutionary function in a modern company that offers real development opportunities and attractive conditions of service, do not hesitate and send us your complete application without delay. Your significant response in English will be appreciated.
